

A diagram consisting of two square boxes, one labeled  $O_1$  and one labeled  $O_2$ . Box  $O_1$  is located in the upper right quadrant, and box  $O_2$  is located in the lower left quadrant. A vertical line segment extends upwards from the top edge of box  $O_2$ , and a horizontal line segment extends to the right from the right edge of box  $O_1$ . These two line segments meet at a point in the upper right area of the diagram.

$O_1$

$O_2$
